

EMBEDDING EQUALITY

The Diversity of the North East: facts and figures

Objectives

- To understand what the statistics from the 2011 census are telling us about the region
- To gain an understanding as to how that will impact on your organisation
- To gain an insight as to what might change in the next 10 years.

Methodology

This is a two hour session providing up to date information about the North East.

Target audience

This is aimed at Equality and Diversity advisors, business development managers and Human Resource specialists
